

3. QUALITY POLICY

Quality Policy

It is the absolute policy of ABM Precast Solutions Ltd to provide a Quality Management System which fully and consistently meets Customer needs and expectations.

The system is designed to assure and demonstrate to Customers that the products supplied conform to established standards including process and procedures.

As appropriate, the Company will provide and maintain defined standards of performance, economy and satisfy customer expectations with regard to the agreed contract.

The Company will carry out regular Management Reviews to set quality objectives and to fully maintain and support the Quality Management System in compliance with the ISO9001:2008 standard.

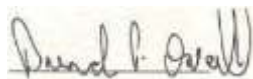

The Quality system requirements will be mandatory for all ABM Precast Solutions personnel. The Quality Manager is responsible for monitoring the implementation of the Quality Policy.

The Management of ABM Precast Solutions Ltd fully endorse the Quality Policy and contents of the Quality Management System as set out in the Quality Manual and supporting documentation.
